PROFESSIONAL SUMMARY

Results-driven React and React Native Developer with experience building scalable, high-performance web and mobile applications. Skilled in RESTful API integration, state management using Redux Toolkit, and performance optimization techniques.

PROFESSIONAL EXPERIENCE

Software Developer

[June 2024 – Present]

Antino Labs

Gurugram

Project Focus: SmartMeter Attendance App

- **Dashboard & Workflow Management:** Led frontend development of a mobile application managing attendance and workload for **300+ field technicians**, improving operational efficiency.
- **Performance Optimization:** Implemented debounced search and optimized API calls, reducing backend API traffic by **80%**.
- **API Integration:** Integrated RESTful APIs using RTK Query for efficient data fetching, caching, and real-time updates.

Project Focus: Blyss (Mobile Application)

- **Cross-Platform Development:** Built a high-performance mobile application using React Native with multilingual support.
- **Location Services:** Integrated Google Maps and Places API for real-time tracking and route optimization.
- **State Management:** Architected scalable state management using Redux Toolkit and integrated Firebase for real-time notifications.

Project Focus: HOABL Real Estate Platform

- **Performance Optimization:** Improved Core Web Vitals (LCP, CLS, INP, FCP, TTFB), significantly enhancing page speed and user experience.
- **UI Development:** Developed reusable and responsive UI components for listings, project pages, and enquiry workflows.

Technical Skills

Programming Languages: C++, JavaScript

Frontend: React.js, Next.js, React Native, Tailwind CSS

Backend: Node.js, MongoDB

State Management: Redux Toolkit, RTK Query

Education

Master of Computer Applications

2022 – 2025

Motilal Nehru National Institute of Technology Allahabad

Achievements

Secured Rank under top 30 in BIT Mesra

Solved 800+ problems across coding platforms ([LeetCode](#))

2022 – 2024
